FM Radio Transmitter

From now on you can listen to your own favorite music from your portable music player (Ipod®/MP3 player/Discman/mobile phone*) anywhere wireless on any FM radio! The CLLFMBATP FM transmitter is the bridge between your stored music and your FM radio. Just simply connect the 3.5 mm stereo headphone plug of the transmitter to the audio output source of your portable music player/mobile phone* and tune your FM radio on the shown FM-frequency to enjoy your own music anywhere on FM Radio!

Highlights

- Incl. LCD display to see the selected channel and power consumption
